

RAMDHAS MUNIRATHINAM

iOS Developer

I have 10+ years of experience in iOS development, working on a diverse range of projects that have spanned from small-scale applications to intricate, complex ones. Over the course of my career, I have gained proficiency in XCode, SwiftUI, Swift, and Objective-C, and I continuously stay updated with the latest advancements in iOS development.

Through years of experience, I possess a deep understanding of the entire iOS development lifecycle, starting from the conception and design stage, through to development, testing, and deployment. I have a proven track record of creating high-quality, user-friendly applications that meet the needs of clients and end-users.

I am confident that I can make valuable contributions to the team and drive projects to success.
